(a) Note (1)

Certain improvements ~~were~~ to the Central College building were found necessary and the Principal suggested that they might be carried out during the Xmas Holidays (last Dec)

SECTION Sch to the
FILE NO 47 part
SERIAL NO Nil

The improvements were roughly estimated to cost 3 or 4 thousand Rupees To meet this amount a sum of Rs 6,862 was shown to be available in the sanctioned budget of the Edn Deptt under the Estt charges of the Central College itself

The work was urgent and no supplemental grant was necessary It was accordingly sanctioned in the absence of a regular estimate it was observed that the outlay incurred on this behalf should, under no circumstances, exceed the savings Rs 6,862 refd to above.

P T O

In March 1902, the Chief Engineer forwarded a plan and an estimate for Rs 5,162 for the work which was firstly roughly sketched by the Principal and sanctioned by Govt in general terms. The D P W estimate was now formally sanctioned out of the savings in the Central College Estt charges (Rs 6,862) Thus it will be seen that orders were passed twice on one & the same subject The I Gl to whom a copy of the orders was forwarded, was however, not sure as to whether the two orders related to the same improvements required for the C College

The estimate for Rs 5,162 received from the Chief Engr in fact, provided chiefly for the improvements required for the Central College Building proper, it also included

a small sum required
for certain (3) additional
work proposed by the Principal
for the Central College Students
Hostel

To clear ~~the~~ this doubt
pointed out above, a copy
of the Chief Engineers' letter
No 1502 of the 14th March 1902
was forwarded to the D/Ld of Edn

A supplemental estimate
for Rs 1,387 has since been
sanctioned by the Chief
Engineer himself in con
nection with the same
work and intimation has
been given to this Office
The amount actually
spent is ~~not~~ yet known

Submitted

Enclosure No

If it should be found necessary the Committee may authorize additional expenditure not exceeding Rs 5000 (5) for the purpose.

Recommended for the expenditure from the savings which will accrue during the current year on the Ed Budget for the Central College for certain improvements to the College as detailed in the accompanying statement.

The Committee are of opinion that the additional rooms are urgently required without any delay in the interests of the College and that the flooring of the rooms in the College should be carefully carried out as early as possible.

Submitted for orders. The amount required for the improvement not given

Rough sketch to be written on the original

Hon

Central College, Bangalore
19th December 1901

From
J Cook Esq M A ,
Principal, Central College, Bangalore

To
H V Nanjundayya Esq A , M L ,
Secretary to the Govt of Mysore,
Genl & Rev Departments

Sir,

I have the honor to request that the Government may be pleased to sanction the expenditure from the savings which will accrue during the current year in the Educational Budget for the Central College for certain improvements to the College

The savings arise from (1) the absence of Mr J G Tait on half pay upto 15th Jan 1902, (2) the death of Mr Leonard and the savings on his salary upto the end of the Official Year

The following statement shows that these will amount to over Rs6800/- and will more than meet the outlay on the proposed improvements

Statement of savings for Official Year 1901-2

Mr Tait's half pay Rs500/- from July 1901 to 15th Jan 1902
less Rs275 paid to Messrs Venkateshachar, Vijayaraghavachar and Venkatanarrappa, ——— Rs225×6 = Rs1462

Mr Leonard's pay from October to January 1901 less Rs600, honorarium paid to Rev G C Walker, Rs1000×4 = Rs4000 - Rs600 = Rs3400

Difference Between Mr Leonard's and Mr Grieve's salary Rs400 from 1st February to 30th June 1901 Rs2000

Total Rs6862

The improvements which I beg to propose are -

(1) to provide two small rooms by enclosing small portions of the back verandahs, these being much required for the Hindustani and Teluge Munshis who have only a few pupils in each class

(2) to make a room by enclosing the south verandah outside the Chemical Laboratory, which is made no use of at present and which will be of very great use in connection with Practical Science teaching,

(3) to lay Cuddappa slabs in nine class rooms of the College building to replace the present chunam flooring as being more cleanly and safe in these plague times, and as saving constant repairs to broken chunam flooring,

(4) to provide a new gate and approach to the College just opposite to the College Hostel gate, for the convenience of the large number of students resident in the Hostel

Mr Whiteley, Superintending Engineer, Western Circle, has inspected the building with me and approves of my proposals and is satisfied that they will not in erfere in any way with the architectural features of the building

As the work must be done during these holidays and is therefore very urgent I have the honor to request that Government may sanction my proposals being carried out at once

I have the honor to be,

Sir,

Your most obedient servant,

Principal

D.W.M

Very urgent (4)
